

Quality Policy

McBride plc is committed to achieving long-term sustainability in line with our vision to be recognized as the industry leader and preferred partner to all its stakeholders in its chosen Private Label markets. We understand that in order to achieve our business goals we need to ensure the quality and safety of our products. The Group Quality Policy describes how we manage this responsibility.

Focus on our customers.

Our customers use Quality as a measure of our performance. In order to be recognized as the industry leader and preferred partner to all its stakeholders in its chosen Private Label markets we need to out perform our competition. We will strive to understand the evolving needs of our customers and act with speed and agility to implement improvements to meet and exceed these needs.

Our products fit for use.

The safety of our products and the protection of our customer brands and their consumers are paramount. Our standards and procedures will ensure that we design, manufacture and supply products that are safe and of excellent Quality. We will ensure that our standards, processes, systems, buildings, machines and equipment are kept up-to-standard and deliver products which meet specifications and comply with relevant legal and regulatory requirements.

Quality is everyone's responsibility.

All McBride colleagues are committed to customer focus and to excellence in Quality for our products and services. Quality is a shared responsibility and Quality culture and mindset are driven by the McBride Mission, Vision and Principles. Each and every employee has a part to play in delivering Quality excellence. This principle is also extended to our business partners.

Continuous Improvement.

Quality excellence will be driven by continuously improving our processes and systems. This will be achieved through a Preventive, Systematic, and Risk Based Management approach. We will promote consistency and visibility of quality standards, processes and performance indicators across the business. Resources will be provided to meet our Quality objectives and targets. We will translate customer needs into measurable objectives. This will provide clarity on how employees can contribute to improving Quality and Customer satisfaction
